Convicted Previously of National Security Crimes Elliott Abrahms is Newest Figure in Traitor-Gate

Did you know that Elliot Abrahms, pardoned by the first President Bush for the Iran-Contra crimes he committed under the Reagan Administration, now works for the Bush White House? And has been implicated in the leak of Valerie Plame's covert identity?

Patrick Fitzgerald may well successfully prosecute senior White House officials. Insist that anyone convicted in this case be ineligible for a presidential pardon.

Demand that President Bush not pardon any criminals in his administration who compromise our national security!
