WORLD TRIBUNAL ON IRAQ: WAR UNJUST AND IMMORAL

www.worldtribunal.org

With a Jury of Conscience from 10 different countries hearing the testimonies of 54 members of the Panel of Advocates who came from across the world, the first World Tribunal On Iraq ended on June 27, 2005. The Jury of Conscience rendered the following verdict:

The Jury defined this war as one of the most unjust in history: 'The Bush and Blair administrations blatantly ignored the massive opposition to the war expressed by millions of people around the world. They embarked upon one of the most unjust, immoral, and cowardly wars in history. The Anglo-American occupation of Iraq of the last 27 months has led to the destruction and devastation of the Iraqi state and society. Law and order have broken down completely, resulting in a pervasive lack of human security; the physical infrastructure is in shambles; the health care delivery system is a mess; the education system has ceased to function; there is massive environmental and ecological devastation; and, the cultural and archeological heritage of the Iraqi people has been desecrated.'

On the basis of the preceding findings and recalling the Charter of the United Nations and other legal documents, the jury has established charges against the Governments of the U.S. and the U.K. Here are just a few of the charges:

- **Planning, preparing, and waging the supreme crime of a war of aggression in contravention of the United Nations Charter and the Nuremberg Principles**
- **Using disproportionate force and indiscriminate weapon systems**
- **Failing to safeguard the lives of civilians during military activities and during the occupation period thereafter**
- **Using deadly violence against peaceful protestors**
- **Imposing punishments without charge or trial, including collective punishment**
- **Re-writing the laws of a country that has been illegally invaded and occupied**
- **Willfully devastating the environment**

BUSH IS A WAR CRIMINAL IN THE EYES OF THE WORLD
